Summary

Motion Graphics Designer and 2D Animator with four years of experience in character rigging, kinetic typography, and video editing with sound design. Beyond animation, I build custom After Effects scripts using AI to automate repetitive tasks and speed up production. I am comfortable handling high-volume pipelines and tight deadlines for agency and corporate clients.

Core Skills

Motion & Animation: Adobe After Effects, 2D Animation, 2D Character Rigging, Kinetic Typography, Sound Design, Premiere Pro

Design: Adobe Photoshop, Adobe Illustrator (asset preparation)

Workflow Tools: After Effects Expression Panel, built with AI (Gemini, Claude) to speed up animation work

Languages: Indonesian (Native), English (Fluent)

Experience

Motion Graphics Designer / Video Editor Jul 2025 – Present
PT. Mata Terbuka Lebar (Eyes Wide Open Studio) *Palembang, Indonesia*

- Created animated explainer videos for YouTube channels as part of a team. Delivered 209 videos so far, and some videos reached 34K and 45K views.
- Animated long videos (8 to 20 minutes) with up to 200 assets each, with a 3-day deadline. Animated the PSD layers, keyframed them, rendered, and added sound design.
- Worked with illustrators, scriptwriters, and project managers, with up to 20 projects at the same time.

Motion Graphics Designer (Freelance) Nov 2022 – Present
ID Card Lampung *Lampung, Indonesia*

- Made animated reels and kinetic typography videos for Instagram and Facebook.
- The Instagram account grew from 0 to 2,498 followers.

Motion Graphics Intern 2019, 2023
Linggau Media Group, Petakumpet Creativerse, National Design Center *Indonesia*

- Three short internships helping with motion graphics, animation, and video production.

Junior Motion Graphics Designer Apr 2020 – Sep 2020
Tampia Group *Indonesia*

- Made explainer videos, animated social media content, and promo videos in After Effects.
- Built reusable motion templates and overlays to speed up video production.

Selected Projects

Baraca Capital – CEO Executive Interview | *Eyes Wide Open Studio* 2026

- Edited an executive interview for Baraca Capital, a Dubai-based real estate investment firm. Used multi-camera switching, kinetic typography, VFX motion graphics, and 3D architectural renders provided for the project.

Setna (setna.aero) – Kinetic Typography Ads | *Freelance, Upwork* 2026

- Made a 45-second looping kinetic typography billboard ad for Setna, a global aviation parts, repair, and leasing company. Used fast cuts and textures.
- Made 3 loopable 15-second street-art style kinetic typography videos for the SETNIX and ZULU GLOBAL pages.

Educational Motion Graphics Series (Cultural Heritage Animation) 2024

- Made an explainer series with 2D character rigging and kinetic data visualization about cultural stories.

Education

Sumatera Institute of Technology (ITERA) Lampung, Indonesia
Bachelor of Visual Communication Design, GPA 3.78 / 4.00 *2020 – 2024*

Achievements

Bank Indonesia Scholarship Awardee: Selected as one of the top 50 out of 700 scholarship students for academic excellence and leadership impact.

1st Place, Poster Design Competitions: World Earth Day (2023) and Processed Fish Food (2023).

Motion Graphics Teaching Assistant, ITERA (Sep–Dec 2021): Taught 70+ students After Effects workflow basics.
